

Plan for the Unexpected

A vehicle service contract provides you with protection against unexpected, costly vehicle repairs after the security of the manufacturer's warrant ends. The expense of these repairs are ever-increasing. Give yourself peace of mind by purchasing a service contract today!

All of our contracts include:

**TOWING REIMBURSEMENT

Car Armor provides towing reimbursement to the nearest repair facility.

**RENTAL REIMBURSEMENT

If you're in need of a rental due to a covered repair, Car Armor will provide reimbursement for up to 6 days

**ACCEPTED ANYWHERE

Car Armor is accepted by an licensed repair facility Nationwide

**DIRECT PAYMENT

Repairs are paid directly to repair facility making is simple and convenient.

**INCREASED RESAL VALUE

If you sell your vehicle the remaining coverage can be transferred possibly increasing the price!

The cost to repair or replace a high tech system end up at times costing you much more than any of your major repairs. Component's like this:

NAVIGATION, AUDIO, VIDEO AND GAMING, FORWARD-BACKUP-360 DEGREEE CAMERA, PARKING ASSIST, COLLISION AVOIDANCE, TOUCH DISPLAY SCREEN, BLUETOOTH COMPONENTS, WIFI DATA CONNECTION, RADAR AND SENSORS, LANE DEPARTURE, BLIND SPOT DETECITON, DRIVERS ASSIST, AND OTHER TECHNOLOGY SYSTEMS.

Administered By:

**Strategic Administration Group, Inc.

Exclusionary Coverage

This coverage is a true exclusionary coverage without all the add on's like others. It covers virtually all mechanical and electrical components except for those listed in the "Covered Vehicle Parts" section of the agreement. Excluded items include, but not limited to: glass, batteries, tires, light bulbs, brakes, maintenance, and trim or moldings.

***Please refer to contract for details, Conditions, terms and exclusions.**

Plus Coverage

Gasoline/Diesel Engine: All internal lubricated parts including: pistons, piston rings and pins, crankshaft and main bearings, connecting rods and rod bearings, camshaft and bearings, push rods, rocker arms and followers, timing belt/chain and gears, valves, valve springs, seats and guides, lifters, oil pump, manifolds, flywheel, ring gear, flex plate, core plugs, harmonic balancer and bolt, valve covers, timing cover, oil pan, vacuum pump, engine mounts. Also covered are turbocharger/ supercharger housing, all internal parts, and the waste gate. The engine block and cylinder head are covered only if damaged by an internal lubricated part.

Transmission: All internal lubricated parts in the transmission case including bands, clutch packs, gears, pumps, shafts, shift forks, shift rails, synchronizers, and solenoids. The torque converter, bell housing, vacuum modulator, transmission mounts, and transmission pan. The transmission case is covered only if it is damaged by an internal lubricated part.

Transfer Case: All internally lubricated parts contained within the Transfer Case. The Transfer Case is also covered if damage is the result of the failure of and Internal Part of the Transfer Case.

Drive Axle: 2WD / 4WD / ALL WHEEL: All internal lubricated parts in the drive axle, axle shafts, differential cover, universal joints and yokes, constant velocity and double offset joints, wheel bearings, drive shaft, drive shaft center bearing, locking hub mechanism, The drive axle housing is covered only if damaged by an internal lubricated part.

Seals and Gaskets: Should seals and gaskets be required in conjunction with the repair of a covered component, coverage will be extended to include seals and gaskets on said covered components, Up to 200,000 miles, cylinder head gasket(s) and intake manifold gaskets are the only gaskets covered as a gasket failure ALONE. Of the listed parts that are covered will be covered by this contract. Head gaskets on Diesel Engines are not covered.

All of our vehicle service contracts come with our maintenance program to give you that full service that you Deserve in order to completely maintain your vehicle.

This program includes oil changes, brakes, battery, alignment check, cooling system flush and manufacture's scheduled maintenance. And more.

Air Conditioning: Expansion valve, pressure cutoff switches orifice tube and dryer, Condenser, Compressor, Evaporator, Lines and Fittings, Internal assembly including pistons, rods, valves, bearings and shafts, clutch and pulley, NOTE: O.E.M. refrigerants are to be used if replacement is required. If failure is due to a covered component, and fluid conversion is necessary, the Contract will cover the conversion parts and Labor only. For hoses, O-rings seals, refrigerants and other non-covered components the contract holder is responsible.

Steering: Power steering fluid cooler, steering column coupling, power steering pump, steering main and intermediate shafts, power cylinder assembly, Pitman arm, idler arm tie rods, drag link, power steering cooler, power steering control valve and cylinder, steering box or rack.

Brakes: Mater cylinder, power assist boosters and valves, wheel cylinders and calipers, combination valve, steel lines and fittings, backing plated, power brakes cylinder, vacuum assist booster pump, springs, clips and retainer, self-adjusters, rear activators, parking brake linkage and cables.

Fuel System: Fuel pump, metal fuel lines, fuel injectors, diesel fuel injection pump, diesel injectors, diesel vacuum pump.

Cooling System: Water pump. Radiator and heater core only if leaking.

Base Electrical: Alternator, starter motor and solenoid, distributor, ignition coil, ignition module.

Total Coverage

Includes Plus Coverage and items listed below.

Suspension: Upper and lower control arms, control arm shafts and bushings, upper and lower ball joints, front wheel drive hub and bearing assembly, steering knuckles, stabilizer shaft and bushings, king pins and bushings, strut bar and bushings, spindles and spindle supports, and wheel bearings.

High Tech Electrical: Cruise control servo/transducer, factory compass, factory thermometer, headlight switch, horn, ignition lock cylinder, ignition switch, power antenna, power lock actuators, windshield wiper motor, windshield wiper module, windshield washer pump, power window motors and power window regulator, Electronic speedometer display and module, engine control module, power sun/moon roof motor, power convertible top electric motor, crank sensor, knock sensor, oil BAP sensor MAP sensor, upstream oxygen sensors, downstream oxygen sensor, heated oxygen sensors, throttle positioning sensor engine coolant temperature sensor, intake air temperature sensor, neutral or park position sensor, brake fluid pressure sensor, PFE sensor, pressure sensors.

Anti-Lock Brakes: Booster and pump, master cylinder, control processor and solenoids.

Hybrid IMA Control unit of Batter Electronics, IMA control unit for Motor Electronic, Cable assembly (motor PDU), Junction board assembly, IMA motor stator assemble, IMA motor rotor assembly, PDU unit (pre-driver), PDU converter (AC-DC)

Optional Coverage:

Commercial Use, 6 inch or 4 inch Lift or drip, Ride Share (only available at time of purchase)
